

„ Construction and Architects Law” Seminar

DAV-Turkey announced, that they have organized a “Construction and Architects Law” Seminar on November 13th, 2014 in Istanbul Bilgi University with the contribution and support of the president of DAV-Turkey Construction and Architects Law Study Group Av. Dr. Levent Bıçakçı, Istanbul Bilgi University, Istanbul Technical University, Deutscher AnwaltVerein (DAV), TMMOB Chamber of Architects Istanbul Bureau, the Chamber of Civil Engineers Istanbul Bureau, the Istanbul Independent Architects Association. The seminar aimed to create a platform where architects, engineers, lawyers, scholars, and students would come together and exchange information in order to establish an agenda for the future.

The introductory speeches of the event which consisted of two sittings, were given by Prof. Dr. Ihsan Bilgin (Bilgi University Faculty of Architecture) and. Prof. Dr. Zeynep Sözen (Istanbul Technical University Informative Institute).

The initial sitting evolved around the topics of EU Law and Conflicts Originating from the Design in Construction Agreements. Within the light of such topics, DAV Construction and Architectures Law Study Group Executive Board member and a lawyer specializing in Construction and Architectures Law, Rain. Kathrin Heerdt, gave a presentation.

Arguments regarding the designing disputes within the FIDIC standard forms and the design responsibility in EPC Turnkey Contracts took place during this sitting as well.

The following sitting covered the topics of copyright and aesthetics commissions, the examination of copyrights originating from contracts of work under the light of judiciary decisions, problems regarding design architecture, Construction Inspection Institutions and Constructional Safety within the framework of Copyright issues in Construction and Architectures Law and Design Disputes.

The event came to an end after this sitting at 17.30.
